MCGRATH

CAUTION: This chart is primarily designed for VFR navigational purposes and does not depict all airspace or obstacles which may be encountered below minimum en route altitudes.

Pilots are responsible for terrain and obstacle clearance during all phases of flight.

Pilots are responsible for terrain and obstacle clearance during all phases of flight.

Numbers in blue boxes in mountainous areas are maximum elevation figures (MEFs) based on the highest known feature including terrain and obstacles, rounded up to the next 100 feet.

Example ▸ 7500 MEF
